

WAYLEAVE PROCEDURE

- 1** ➤ **DESIGNING AND PLANNING** (2nd Party or 3rd Party scope of work)
 - Consider the requirements of Egoli Gas e.g. Minimum distance from pipelines.
 - Consider the requirements of the OHS Act, Construction regulations & C.O.J. by-laws.
- 2** ➤ **CONTACT EGOLI GAS WAYLEAVE**
 - Egoli Gas will plot the construction site in relation to the pipeline network on Egoli Gas GIS platform. To confirm if we are affected, Yes or NO.
 - Egoli Gas will provide feedback to confirm if the construction would affect the gas pipeline.
- 3** ➤ **NOTICE TO COMMENCE**
 - Having received a formal consent i.e. Wayleave – Egoli Gas requires a minimum of 5 days notice period to commence work on site.
- 4** ➤ **PIPELINE MARKING ON SITE**
 - Egoli Gas require adequate notice in order to plan the pipeline locating & marking out on site.
- 5** ➤ **OBSERVE RESTRICTIONS ON SITE**
 - Egoli Gas through the wayleave and restrictions, seeks to prevent pipeline asset damage, therefore external parties are encouraged to Call before You Drill, Call before you Dig, Call before you Blast. Specified restrictions indicated on site and on the wayleave shall be observed. Failure to do so, will be dealt with accordingly through legal action.
- 6** ➤ **BACKFILLING & REINSTATEMENT ON SITE**
 - Contact Egoli Gas Field Operations prior to any backfilling over, alongside or under the Egoli Gas pipeline.
- 7** ➤ **SPECIFIC CONSTRUCTION ACTIVITIES**
 - If work involves any of the following activities such as directional drilling, piling, blasting, seismic surveys, surface mineral extraction (mining), then the requirements of Section 9 of what shall be applicable.
